

## Madison Council Meeting Room in Use

### Aldermen Meet Last Night in Extensively Remodeled Quarters

The Madison city council held its first session in the newly-renovated city hall council chamber last night.

The room is finished in wood paneling with a green tile floor and soft acoustical tile ceiling.

The mayor, clerk and legal staff sit at a raised bench that matches the walls. The raised portion of the floor is covered with brown carpeting.

Aldermen sit together by wards. There are two rows of curved tables to accommodate them.

Aldermen from Wards One and Two occupy the first row. Those from Wards Three, Four and Five occupy the second row. Each alderman has a swivel chair finished in green upholstery.

Seating For Public Behind them is an ornamental aluminum railing and behind that is a row of modernistic yellow seats for the public.

The windows are of glass brick. A brass electric clock is sunk into the rear wall. Long rows of fluorescent lights are concealed under glass. Ventilators are sunk into the ceiling.

To the left of the mayor's bench is a desk and seats reserved for the press.

Chief Business Session Little business was conducted at last night's session.

The council instructed the legal department to prepare a petition to the Interstate Commerce Commission for leave to intervene in hearings proposed merging of the franchises of the Pennsylvania Railroad and the New York Central Railroad.

Efforts are being made, Mayor Stephen Maers said, to have a preliminary hearing held in East St. Louis and the regular hearing in Granite City.

Oppose Merger If Madison is recognized as an intervening party, the city will have representation at the hearings to voice opposition to the merger on grounds that decreased service and lost jobs would be unfavorable economic factors in the community.

The council accepted for filing a surety bond.

Broyles, a special policeman, in the amount of \$2000 from Maryland Casualty Co. for the period Nov. 20, 1962, through April 30, 1963.

Alderman Ray Kozilek commended the city for the Christmas decorations on Madison avenue.

## Explosion Today Injures 2 Persons At Wright Homes

(Picture on Page 14.)

Two persons were injured in a flash fire apparently caused by a gas explosion at 10:30 a.m. today in Apt. 12, Lee Wright Homes, Venice. Neither was reported to be hurt seriously.

Taken to St. Elizabeth Hospital by ambulance were Lillian Shelley, 67, who recently moved into the apartment, and her grandson, Ronald Watson, 13, of Apt. 121 Viola Jones Homes.

A housing office employee said the explosion occurred while a maintenance worker was closing off a gas line which formerly served a gas refrigerator in the apartment. The refrigerators have been removed from the homes because of leaks which resulted in hospitalization of residents in the past.

Gas Accumulated In Line The worker, Solomon Griggs, said gas to the apartment had been shut off but apparently had accumulated in the line. He said it may have been ignited by a spark from a wrench.

Police said glass from a front window of the apartment was blown out and scattered over a wide area. The entire apartment was in flames when police and firemen arrived.

The blaze was quickly brought under control by the Venice volunteer fire department, with damage confined to the single apartment. No estimate of damage has been made.

The Watson boy, a student at St. Mark's school, is the son of Mrs. Mary Watson. He was visiting his grandmother at the time of the fire. Police said he had burns to the body, while Mrs. Shelley was burned about the back and right leg.

Youth Injured At Party; Alcohol Sale Investigated A teenage drinking party which sent one youth to St. Elizabeth Hospital is being investigated today by the sheriff's staff, which has been told that beer and liquor were obtained from a tavern in the unincorporated area.

It was learned that further developments in the investigation are expected later this week. No arrests have been made as yet.

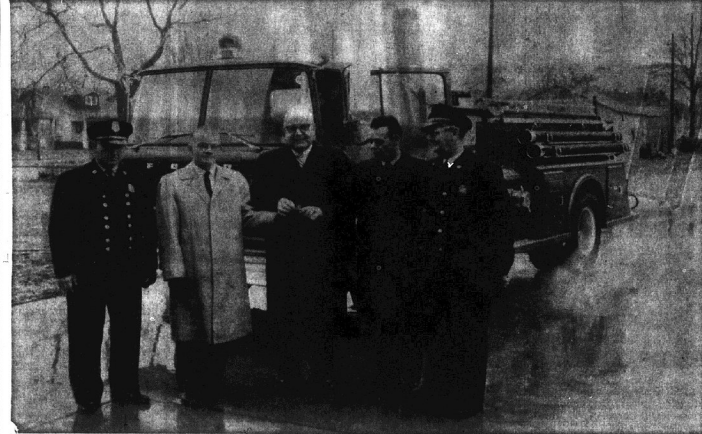

The party began about 8 o'clock last night, with Lacey J. Ahart, 19, as host. He resides at 4235 Lakeside drive in the Poon Beach area. Eleven Quad-City boys and girls, ranging in age from 15 to 19, attended and there were no adults present.

In Fair Condition One of the 11, Ronald Carney, is in fair condition today at St. Elizabeth Hospital, suffering from a laceration over the right eye, contusions to the left eye and possible head injuries.

Seventeen years old and a resident of 1641 Fifth street, Madison, he was admitted to the hospital at 10:45 p.m. Wednesday and held overnight. Skull x-rays were taken.

Deputies confiscated two empty half-pint bottles which had contained whiskey, an empty fifth-gallon gas bottle and an empty case of quart beer bottles. The Ahart home also contained other alcoholic beverages, deputies said.

Ejected From Home Preliminary statements indicated that several of the youths decided to eject Carney from the home when they concluded that their views of what 1963 will bring.

NEW 1000-GALLON-PER-MINUTE FIRE PUMPER now in service at the main station in Granite City. A key presentation ceremony was held at the station, 23rd street and Madison avenue, today. Left to right—Assistant Fire Chief Curtis Donley, Mayor Davis, Auto Dealer B. E. Mohl, Alderman Ford Johnson, chairman of the city's Fire

committee, and Fire Chief Elijah King. The new pumper, which replaces a smaller, 15-year-old truck, was built according to city specifications. The new pumper is scheduled to go "on truck," or in service this afternoon or tomorrow.

## UF Board Meeting Today On Amounts For 17 Agencies

The United Fund board of directors will meet at 4:30 p.m. today at the YMCA to decide on allocations for the 17 agencies in 1963.

As a result of this year's campaign falling short of the desired goal by \$6049, the board may find it necessary to cut the approved budgets of the participating agencies by that amount.

It is expected that the subject will be the major item on today's agenda.

This year's campaign brought in \$293,182 or 87.9% of the \$299,231 goal.

Another item to be discussed is the possible setting of a date for the presentation of awards to outstanding campaign workers and to firms and employee groups that made exceptional contributions to the campaign this year.

## Babson's Financial Forecast For 1963

Copyright, 1962, Publishers Financial Bureau, Inc.

The business situation will vary with different industries, and hence with different cities. Some defense centers will boom; steel cities will still find the going tough. . . . but better than a year ago.

Considering the high level of the past ten years, it will not be surprising for 1963 to show a moderate decline in business. If so, it should come in the second or third quarter, with recovery in the fourth quarter, followed by a good 1964.

Disposable personal income will remain high. With increased savings deposits and little change in the cost-of-living, the public should continue to spend freely, especially if merchants maintain their advertising outlays.

Defense, Road Spending Inventories will remain about the same during 1963. But government spending will increase over \$3 billion—largely on de-

fense—and \$2 billion on new roads.

Whether manufacturers will hike their expenditures for new machinery in 1963 in view of the depreciation tax credit, I would not now forecast.

All this means that business and employment for your city in 1963 will depend largely upon the attitude of its leading businessmen. If they will be optimistic and spend more on new plants, advertising and salesmanship, we should have nothing to fear.

Stocks, Bonds My father used to tell me, "It is okay, Roger, for you to make forecasts. . . . but never put dates on them." I forecast that the Dow-Jones Industrial Average will register lower sometime during 1963, and stocks will show an average yield of about 4%.

Neither dividends must be increased or prices of stocks must go lower. But cannot continue forever so poorly adjusted.

The above comment refers primarily to industrial stocks. I forecast that both the gross and net earnings of utility stocks will advance during 1963 and for some years thereafter.

The utility cumulative preferreds have reached a point whereby they will closely follow interest rates as determined by the Federal Reserve Banks. The utility common stocks should rise slowly in price, provided they are not unjustly limited by legislation or by state and federal regulatory commissions.

As for the railroad stocks, I generally feel bearish. A war with Cuba or a world nuclear war breaking out anywhere would cause the stocks of all our transcontinental railroads to rise sharply in price; but down they would come again. We are today in an electronic age, and no longer in a railroad age. He and those who desire to invest in

## 9 Persons Hurt In Holiday Accidents

While traffic accidents in the area declined in number during the holiday week, nine injuries were reported in four of 11 accidents occurring in the area since noon Monday.

In one crash on Madison avenue of 18th street, six persons in two cars were injured. In other injury mishaps, a pedestrian was knocked down, a driver was knocked unconscious and a motorist was hurt in a collision with a parked car.

Six persons were injured in a two-car collision on Madison avenue at 18th street about 5 p.m. Christmas day.

Joseph Martyniw, 44, of 1544 Fifth street, Madison, was charged with failing to yield right-of-way.

Police said he was driving north on Madison avenue and attempting to turn left onto 18th street.

His three passengers were injured, including Cecelia Hollingsworth, 14, of Valley Park, Mo., who was admitted to St. Elizabeth Hospital with abrasions to the right ankle, foot and right shoulder. Georgia Webb, 12, of LeMay, Mo., and Bill Kohofski, 15, of St. Louis, were treated for minor injuries and released.

The other auto, traveling south on Madison avenue, was driven by Woodrow C. Dilday, 31, of 2815 Harding avenue. He and two passengers, Sterling

### Bid Opening Tomorrow For New GC Post Office

Bids for construction of Granite City's new main post office are to be opened at 5 p.m. tomorrow at the office of the Lyle S. Woodcock of the Park Hills Investment Co., St. Louis.

Woodcock's firm submitted the low bid of \$32,500 a year to the U.S. Post Office Department for a 20-year period.

Five construction firms have plans they are expected to submit proposals tomorrow, it was learned from the architect, John P. Hansmeyer of Belleville.

Plans With Plans They are of H. H. Sternberg & Co., M. H. Wolfe & Co. and General Contracting Co., all of Granite City. The new building, to be located on the 24th street end of the city-owned 2200 block of Madison avenue, is estimated to cost over \$250,000. It is to be of modern design, and is to be fully air-conditioned.

Replacing the smaller downtown post office building, the new structure is to contain about 16,000 square feet of floor space and will have a loading platform of about 2000 square feet.

Off-street parking facilities also are to be provided. The post office department has leased the entire north end of the block from the city, extending from Madison avenue to Iowa street.

FBI Investigating Tool Thefts From Army Depot Here Agents of the Federal Bureau of Investigation are in the area questioning suspects in connection with reported thefts of power tools and other equipment from the Granite City Army Depot.

Elmer F. Linberg, assistant agency in charge of the Springfield office, told the Press-Record today a small portion of the loot has been recovered but no arrests have been made.

Neither the FBI agents nor officials of the depot would comment on the value of items taken. However, it was learned an inventory is being made and that the thefts might have been occurring over a period of a year.

Local area FBI agents are in Springfield today conferring with federal officials there.

Undergo Surgery The following are recovering at St. Elizabeth Hospital from surgery which they underwent this week: Thomas Odum, Collinsville; Martin Craycraft, 2066 Cleveland Blvd.; Charles Novak, Bend, Ill.; Geri Reisinger, 2242 St. street; Billy R. Dixon, 2203 Lee avenue.

### Stegelmeyer-Cooley Troth Is Announced

Mr. and Mrs. Durward Cooley, 2404 Cleveland blvd., entertained with a family dinner party in their home Christmas Day to announce the engagement of their daughter, Miss Sallie Cooley, to Frederick Stegelmeyer.

The bride-to-be and her fiancé are both graduates of the Granite City high school. Miss Cooley holds a position in St. Louis. Mr. Stegelmeyer, a son of Mrs. Linda Stegelmeyer, 2103 Kirkpatrick Homes, and Edwin Stegelmeyer, 2103 Kirkpatrick Homes, is employed by the Olin Matheson Corp., Alton. A June wedding is planned.

### Annual Party At Gilbert Home

As is the custom each year, the Gilbert family held a Christmas Eve party, the event this year taking place at the home of Mr. and Mrs. William Gilbert, 2848 Edgewood drive.

The group gathered for a buffet supper and exchange of gifts among the adults and distribution of packages to the children. Motion pictures were taken.

The living room was attractively appointed with a tree and a Nativity scene as carols were played softly throughout the evening.

Greetings were read from an absent member, Miss Helen Gilbert, who is teaching at a mission station in the Congo. The latter wrote that she would spend the holidays with Miss Jessie Trout, a missionary in West Africa.

Those present were Kenneth and Alfred Rickman of St. Louis, Mrs. Florence Gilbert, Miss Pearl Gilbert, Mr. and Mrs. Arlie Gilbert and their daughter, Cheryl. Mr. and Mrs. Stanley Grobolski and children, Brian and Laura, and the host and hostess and their children, Lisa and Carrie.

### PARTY AT RONALD EADS HOME

Mr. and Mrs. Ronald Eads, 2243 Cleveland blvd., entertained with a party in their home Christmas morning.

Those present were Mr. and Mrs. W. H. Baumberger, Gary Eads, Mrs. Sharon Howell and sons, Bruce and Scott, Mr. and Mrs. Paul Eads and the host and hostess.

After a visit from Santa Claus and the opening of gifts, a late breakfast was served by Mrs. Eads.

#### MORE ABOUT

### Babson's 1963 Forecast

(Continued from Page 1.)

Common stocks should stick to the oil, chemicals, and electronics. Even then, keep in mind Newton's Law of Action and Reaction which will always determine the time to buy and sell common stocks.

Regarding bonds, I am not pessimistic for 1963. Certainly, the non-taxable bonds will sell higher during 1963. Also, good short-term corporation and government bonds will be safe to hold.

Long-term corporation and government bonds may sell for less sometime during 1963. Long-term bond prices vary with interest rates and probability of inflation.

**Building, Real Estate**  
There may be some decline in residential building in 1963; and shopping centers in many suburban developments may remain at a standstill for a while. However, so much money is piling up in savings banks which must be invested, it seems that by 1964 many more new homes will be built. In this connection, when purchasing a house or business property, be sure to study the land, which usually improves in price while the value of the building declines.

When constructing new frame houses, build either single homes or houses with only two apartments on the ground floor. There will be considerable new building of brick apartment houses, which should be kept filled so long as apartments and old houses will decline in price during 1963. The less attractive outlook for home building generally does not apply to government or public buildings, or to all commercial buildings. The real estate developers, however, must spend more on advertising in 1963 to meet the growing competition.

**Retail Trade**  
Naturally, there will be a seasonal letdown in retail trade after Christmas and the mark-downs which follow Jan. 1. This will be the time to look for bargains. Scan the advertisements well. This especially applies to merchandise that depends more or less on style, such as dresses, coats, hats, and shoes.

Buy good-quality items that can be passed down to the younger children. Over all, I expect 1963 to see a somewhat higher level of retail trade than has prevailed in 1962.

Purchases made at retail mark-downs could be good cause for

**Cuban Outlook**  
I forecast that the Cuban problem will not be settled in 1963. It may extend until after the 1964 presidential elections.

The Russians have removed their missile installations and bombers from Cuba, in accordance with President Kennedy's demands. In return, Mr. Khrushchev will undoubtedly want some concession in Berlin, or in Turkey—which now bottles up Russia in the winter due to Turkey's control of the Dardanelles.

Khrushchev must placate his people at home by improving rather than reducing their standards of living. I saw this very clearly when I was in Moscow.

**Submitting Base**  
He helped Castro only so that he would have something to trade with the United States, either in connection with Cuba when he first decided to help Castro. He knew Russia could continue to use Cuba as a base for Russian submarines.

Now, both Khrushchev and Castro are looking to save face at home.

Some think the Cuban fracas will make President Kennedy much tougher with labor here in the United States, but I disagree. Labor leaders may be more reasonable in their demands but they will continue to have friends at the White House.

**Labor and Profit Margin**  
Reader should realize that the steelworkers can reopen their wage contract after May 1, 1963. The settlement of this contract will be very likely to influence other labor disputes, depending largely on international conditions.

I feel that our country is becoming "immune" to crises, believing that the cold war will continue for years to come. There, however, will be no nuclear war within our generation; and no international war of any kind in 1963.

Labor should begin to realize in 1963 that wages finally depend upon the employer's margin of profit. The year 1962 has seen many employers close down because of their slight margin.

Small businessmen—both manufacturers and retailers must have a larger margin of profit in order to exist.

There are too many mergers into bigger units and too many failures of worthy employers. Labor leaders are largely responsible for this information development, and are slowly pricing themselves out of business. Sooner or later, this can result in much unemployment. A tax cut will not solve this difficulty.

**Commodity Prices**  
Nineteen-sixty-three will see many basic commodities sell for lower prices. Despite domestic production cutbacks for many raw materials, world supplies will continue their upturn.

These surpluses in world markets will place additional downward pressure on commodity prices in the U. S. There will be exceptions in hybrid corn, Idaho seed potatoes and other selected crops. Much depends

upon the weather and the ability to hold our surplus.

Prices of peaches, apples, citrus and other fruits depend principally upon the weather. Improvements in canning, freezing and storage have been greatly advanced, while the big super-markets have been beneficial in stabilizing prices. The hope of the fruit growers rests in cooperative advertising efforts in newspapers and other media.

Certain basic chemicals will surely decline in price due to over-production and competition from imports. The U. S. Justice Department claims to be working for consumers in its fight with many companies such as the dairy concerns but, in the end, supply and demand will determine the result and not legislation or court decisions.

**Taxes and Inflation**  
Before the Kennedy Administration retires, I forecast that we will have either more taxes or more inflation. Neither, however, need come in 1963.

The stock market may discount the expected inflation by temporarily continuing above 600 on the Dow-Jones Industrial Average. The November elections indicate that the voters want a "welfare state," and believe this means more inflation rather than more taxes.

The old saying "We cannot have our cake and eat it too," is certainly true today. The elections referred to above indicate that the majority of voters really believe they can have all these temporal benefits such as medical care for the aged, medical and hospital payments, more social security, etc., without having to pay the bill either through increased taxes or through inflation.

**But on Workers**  
With all that is promised to young people in the form of free education, college scholarships, etc., in addition to the above-mentioned help, this means that the employed people, from ages 25 to 65, must carry the entire burden.

Sometime they will rebel, but it will not be in 1963, although it might come at the next presidential election.

Certainly the enactment of a "tax all-inclusive" tax cut is no sure thing. It may look good to the "working man," but not to investors or employers.

**Dollar and Gold**  
The purchasing power of our dollar will gradually be less, but this statement applies also to the currency of all other nations. If our dollar declines in value, it will be the same for every nation.

If we devalue the dollar or temporarily look prosperous by paying for goods by some government, but their operation will be left for profit. The situation may compare with our great "gold rush" in 1849.

However, it will not be limited to gold, but will also include diamonds, platinum, and perhaps other elements which are not yet in our chemistry books.

My great-grandparents were all seafaring men taking people from New England down the East Coast of South America around the Horn and up the Pacific Coast—a trip of two months. The astronauts say that they can make the trip to the moon easily in less than four days.

One final thought: If the Kennedy Administration gets into too much of a jam between taxes and inflation, the promotion of trips to the moon may pull them out of their troubles. By enticing private capital which is now in need of some attractive speculative investment, this might even bring about another big stock market boom in the late Sixties.

hope readers will take seriously.

Going to the Moon  
Nobody will reach the moon in 1963 or in 1964, but you will see more and more about it in the newspapers during 1964.

Do not think that the United States will be the only country preparing for this trip. Russia, England, France, Germany, and possibly China are preparing today to go to the moon.

With labor getting 15 cents for a twelve-hour day in China and with booster engines purchasable abroad, China may be the first to get to the moon.

China does not need to be a member of the United Nations in order to send a rocket and three men to the moon and return. China's trip to the moon may be financed by foreign capital.

China will win the territory it wants in India and ultimately get Burma.

**Lunar Gold Rush**  
Buying of "going to the moon" stocks may become a very active speculation. The original boosters will be paid for by some government, but their operation will be left for profit. The situation may compare with our great "gold rush" in 1849.

However, it will not be limited to gold, but will also include diamonds, platinum, and perhaps other elements which are not yet in our chemistry books.

**Balance of Payments**  
Now, a final word with regard to gold. The United States will continue to lose gold on balance during 1963. The only way to prevent it in 1963 is for the export more goods and imports less. This would require certain sacrifice on the part of our people.

Since my trip to Africa, I have concluded that the answer is in producing more gold rather than leaving it underground. If gold had a free market, its production would increase naturally and it would then represent one of the safest and most profitable investments available today. Another way to increase gold is to export more uranium oxide.

Of course, large quantities of gold may be found on the surface of the moon—which brings me to my final subject, which I

**Orientation At SIU**  
Set For Jan. 2nd

Orientation for new winter quarter students at Southern Illinois University, Carbondale, will be held Wednesday, Jan. 2.

Denny I. Clark Davis, director of student affairs, will welcome new students at 8 a.m. in Muckelroy Auditorium. The orientation is for freshmen for the Carbondale campus, transfer students and those registered at the Vocational-Technical Institute.

Between 500 and 600 new students are expected at SIU for the winter term. Each has received a personal letter from a student leader welcoming him to the Southern campus community.

After the opening meeting students who have pre-registered for classes will be shown slides and films and will meet in small groups with student leaders and faculty members to discuss study aids, use of the library and any other item of interest.

Students who have not pre-registered will be guided through the process of signing for classes, paying fees and getting text books. At 4 p.m. men and women students will meet separately to hear deans' outline responsibility and opportunity at SIU.

Each of the new students has received a packet from SIU explaining rules, procedures and giving details of campus life. The orientation was planned by a student steering committee headed by Marian Dean of Collinsville.

Classes will begin Wednesday evening.

**Special Services At 1st Assembly Church**

Special services will be conducted Dec. 30-31 at First Assembly of God Church, 2418 street and Grand avenue, at Evansville, Ind. Don Norville, evangelist, and soloist Truitt Ford.

Rev. Norville is a graduate of Southwestern Assemblies of God College where he is now a member of the staff, teaching piano and organ. One of the nation's leading youth evangelists, he is founder and president of the World Wide Youth Program.

Truitt Ford was graduated from Texas Wesleyan College and is teaching at SAGC in the applied vocal department. He is featured soloist on the nationally released record production of the "Ceaseless Song."

An invitation has been extended by the pastor, Rev. Paul Evans, to the public to attend the services.

The Dec. 30 services will be held at 10:45 a.m. and 7:30 p.m. and there will be a watch night service beginning at 9 p.m. Dec. 31.

**Local Youths Receive Awards At Blind Dinner**

## Nameoki Twp. To Study Sewer Suit In Aurora Area

A conference is to be arranged for early in January with an attorney from Aurora to determine if Nameoki township can take legal steps to require the East Side Levee & Sanitary District to build trunk sanitary sewer lines.

Supervisor Harry Briggs said yesterday he talked last week to H. W. Lochner of a Chicago engineering firm that is designing a system for the township.

"A similar 'friendly suit' was conducted in Aurora with a favorable ruling, and it looks like we'll be following the same procedure here," Briggs said.

When asked about the East Side Levee & Sanitary District being required to call an election for a general obligation bond issue after Jan. 1, Briggs replied the constitutionality of that law also may be challenged by the township.

Further details on the Aurora suit in a circuit court there are to be sought from the attorney. "That case was upheld by the state supreme court," Briggs said.

Briggs, who made a trip to Aurora several weeks ago with Town Atty. Nick Vassileff to look over the case, said additional data is needed before Nameoki township files a suit.

The township has the Lochner firm preparing plans for a sectionalized sanitary sewer system for the township, and Briggs said the widespread use of cesspools and septic tanks may be the basis of filing the suit, stressing the emergency need for a sanitary sewer system.

## Crash Widow Files \$20,000 Drampshop Suit

A \$20,000 drampshop suit has been filed in the circuit court at Edwardsville by the widow of an East Alton man who was one of three persons killed in a two-car crash Dec. 8 on U. S. Highway 67a, about a mile north of the A. O. Smith Corp. plant.

Plaintiff in the suit is Mrs. May Clymer, widow of 28-year-old Billy Ross Clymer.

Named as defendants were two local area taverns and a veterans post at East Alton. The local operators are James L. Atkins, licensee for the J & E tavern, 2542 Highway 67a, and Robert L. Osborne, doing business as Bob's Curve Inn tavern, 2600 Missouri avenue.

The other defendant is the East Alton Veterans of Foreign Wars Post 9432.

The complaint averred that Clymer, father of two small youngsters, after drinking at the three places was driving north on Route 67a between West Pontoon road and U.S. Highway 67a when the collision occurred. Clymer died at St. Elizabeth Hospital here two hours after the crash.

The \$20,000 judgment is sought by the widow for loss of support.

A young St. Louis couple, occupants of the other car, were killed instantly in the crash, and a local man, Wayne Burcham, 31, of 1915a Benton street, was injured.

The others killed were Vincent Pusateri, 19, Miss Carol Ann Hudson, 19, both of Bellefontaine Neighbors, Mo.

The crash occurred at the highway rise over a levee. Both autos were demolished in the head-on accident.

## Madison Ave. Trolley Tracks Cause Collision

Trolley tracks on Madison avenue were blamed for a Christmas day traffic accident in the 1600 block about 5:45 p.m.

Mildred A. Barton, 18, of 3406 Nameoki road, told police she was passing another auto when the wheels of her car were caught in the old trolley tracks causing it to veer into the side of the auto of Jimmie L. Luckshis, 17, of 2701 Sunset drive.

Police said no one was hurt in the crash.

## Current News Used To Help Students Understand Issues

Students in Albert Lewis' classes in American history and civics at Granite City high school currently are studying local, state, national and world news events to add to their understanding of the world around them and the impact of daily events on their lives, the community and the nation.

"One of the significant characteristics of an effective citizen is an understanding of current events—recognizing and understanding that we live in a complex world of ever-changing problems, events, issues and arguments," Lewis said in discussing the news events project.

## Role Of Credit In Retail Trade Outlined To Club

Credit is the fourth major retailing tool, along with advertising, packaging and sales training. Madison Rotarians were told yesterday by Alvin T. Barnes Jr., executive director of the Associated Retailers and Credit Association and the Credit Bureau of the Tri-Cities.

Charge accounts are an integral part of retail trade and aid in linking customers to specific stores, Barnes said.

Accurate credit reporting helps both credit and non-credit firms by limiting the number of families which become over-extended in their finances, he added. The bureau has 300 members and 30,000 files.

Examples of detailed Credit Bureau records and bulletins were displayed to the club members. The speaker was introduced by Jack Friedman, program chairman, who also announced the results of annual Madison Rotary judging of exterior Christmas displays at homes.

**Goat Taken To Roadhouse**  
It was announced that a goat received unexpectedly last week from the Roxana Rotary club was taken to the Roadhouse club. The 140-mile round trip was part of a program of increasing fellowship and contact between clubs in the district.

President Alex Schenckoff announced that Wayne Scannell and Leonard Will are to be inducted as new members of the Madison club at its noon luncheon next Wednesday. A visiting Rotarian was Jack Mawdsley, former Granite City Club member, who is director of secondary education in the Battle Creek, Mich. school system.

Next week's meeting is scheduled for the Sportsman's club. Floors are to be refurnished at the Madison recreation center, usual meeting place.

## Mrs. J. Ellis Turner Dies At Media, Pa.

Mrs. J. Ellis Turner, wife of a retired General Steel Industries vice-president, died Tuesday at her home in Media, Pa., where the family moved from Clayton, Mo., after his retirement Dec. 1, 1960.

Services are to be conducted at Media on Saturday. Mr. Turner joined General Steel at Edinburg, Pa. in 1929 and moved to this area in the 1940's. He was vice-president in charge of industrial relations at the time of retirement.

In addition to her husband, Mrs. Turner is survived by a son, Dr. J. Ellis Turner of Wallingford, Pa., and three sisters.

## Charged With Leaving Scene Of Venice Crash

Isiah Wright, 52, of 514 Slough road, Venice, was arrested at 9:40 a.m. Wednesday on charges of driving without a driver's license and leaving the scene of an accident occurring at noon Dec. 23 at Broadway and Fourth streets.

Wright allegedly was the driver of a pickup truck which struck the left rear of the auto of John R. Thompson, 2805 B street, and failed to stop. He was released on a property bond to return for a hearing Saturday.

## Walter F. Hommert Dies; Retired Postal Official

Walter F. Hommert, former Granite City assistant postmaster, died Monday at the Missouri-Pacific Hospital in St. Louis at the age of 74.

Mr. Hommert, whose home was at 2307 Washington avenue, had been in declining health for the past five years. He was hospitalized about a month last year, and again earlier this month. He had been home for a short period, then returned to the hospital last week.

His death was attributed to pneumonia and complications.

A resident of Granite City for 67 years, Mr. Hommert was born in St. Louis. He retired from the post office in October, 1946, after 40 years' employment there. He began his career as a postal employee when the Granite City post office was located at 18th street and Delmar avenue. The present building was constructed in 1911.

Mr. Hommert worked five years as a watchman for the Illinois Terminal Railroad after retiring from the postal service. He is survived by his wife, Mrs. Elizabeth Voigt Hommert; a son, William, of St. Louis county; three daughters, Mrs. Wilford (Marie) Backe, Edwardsville, Mrs. Irvin (Elizabeth) Wegner of Belleville and Mrs. Francis (Charlotte) McBride of Granite City; a sister, Mrs. M. J. (Anna) O'Brien, of St. Louis.

Funeral arrangements appear in the obituary column.

## GC Girls Sing Carols To Aid Fire Victims

A widow and her eight children who were burned out of their Eagle Acres frame home Dec. 13 received an unexpected gift yesterday from eight Granite City teenage girls.

For the third consecutive year, the girls sang Christmas carols to raise money for a worthy cause. They visited homes Dec. 13 from Washington to Grand avenues and collected "almost \$24."

CHRISTMAS VISIT  
Mr. and Mrs. Charles Hall and children, Donnie and Rickie, of Rhodes street have been visiting relatives in Newport, Ark. They spent Christmas there.

GUESTS FROM MISSOURI  
Mr. and Mrs. Howard Rice of Dexter, Mo., have been visiting Mr. and Mrs. Bob Wilson of Beckwith avenue.

Wilbert Smith of Edwardsville road motored over the weekend to Grandin, Mo. to visit his parents, Mr. and Mrs. Dinik Smith.

## Parents Of Daughter

Mr. and Mrs. Robert Morris, 1708 Minerva avenue, are announcing the birth of their third daughter, Monday at Christian Welfare Hospital, East St. Louis. The latest addition to the family weighed six pounds, 11 ounces and has been named Lisa Ann. Her sisters are Pam, eight years old, and Cindy, five.

Barbara Morrison, 16, the leader of the carolers, said her mother, Mrs. Kenneth Morrison, 4229 Grand avenue, suggested that the money be donated to Mrs. Charlene Nelson this year.

Mrs. Nelson and her children, ranging from two to 17 years of age, lost all but the clothing they were wearing when fire destroyed their home. The family lived at 213 Hill street.

The other girls who sang carols were Barbara Kovachich, 16, Mary Rose Tourse, 16, Kristin Archer, 16, Mary Alice Morrison, 14, Ellen Gabriel, 14, Sheila Tucker, 14, and Carol Hauptman, 14.

They all attend either Granite City high school or Coolidge junior high school.

The money was taken to the Nelson family by Mrs. Morrison.

**MONDAY, DEC. 27, 1937**  
William McElroy, one of the advertising managers of the Springfield State Journal, spent a part of his holiday vacation with his sisters, Mrs. Sam Pershall and Mrs. G. W. Griffith and families.

City Comptroller Carroll Bright has returned home with his wife and daughter after spending Christmas with relatives in Fairfield, Ill.

Patients of St. Elizabeth Hospital were entertained Christmas Eve with carols sung by a group from the Treble Clef Choral club and the Welsh club.

Attorney and host, Fred Schuman and daughter, Carol Lynn, spent the Christmas holidays with Mr. and Mrs. P. A. Schuman in Canton, Minn. The Schumans are brothers.

A lone armed bandit held up the office of the Southern Bell Telephone Co., 1925 Edison avenue, today and escaped with \$175. He fled on foot through the auto parking lot and disappeared on State street. Miss Lillie Carey, cashier, was alone at the office when the bandit entered. He slipped her a note reading: "Give me that money, or I'll kill you and yourself, too."

The Arts and Crafts class of Mitchell met Thursday at the home of Mrs. Clyde Norris, with Mrs. Lucy Dodson as co-hostess. There were 14 present for the usual knitting and business session.

## The FORUM

\$10 A MONTH CAN END FOREIGN CHILD'S HUNGER

To the Editor:  
During this holiday season, in the midst of our many festivities, presents and bounteous food, let's pause a moment to think of the children of the world who go to bed hungry tonight.

For just ten dollars a month, one can "adopt" a child, either boy or girl, from any country he prefers, which will provide food, clothing, medical and educational expenses. It is just as important as the feeling that someone cares.

This is just one of the ways we can fight Communism. When people are hungry and illiterate, they will accept any doctrine.

Many will say there are also hungry children in our own country. This is true—but we have the means to take care of our own through the A.C.U., United Fund and other charitable organizations. The United Nations have no one to help them.

Not all, but most of us, can spare this small amount to help a little one.

You will receive pictures, letters and periodic reports on your "child's" progress.

If interested, write the Children's Christian Fund, China Building, Richmond, Va.

**HOLIDAYS SAD WITH MEN OUT OF CITY JOBS**  
To the Editor:  
On Christmas we are supposed to be happy. But with money tight, cut-throat politics and greed for power, the occasion includes sadness as well as joy.

The upward trend in unemployment is, in a great many cases, due to the poor judgment of unqualified public officials. The record of city administrations in Granite City in the past 20 years calls for a change of faces.

A few years back the power franchise and the sewer plant were sold. Then the sewer bond issue that failed. After a long line of political failure, they finally hit the jackpot with the sanitation contract.

At the holiday season, it is safe to see bread-winners and lifelong residents who have helped build our city—out of jobs and unable to provide a livelihood for their families. How could they hope to be happy?

I wonder if any of the aldermen who voted this ever had to live on relief? They should bow their heads in shame and forgiveness. They have cost the city 20 years of money in \$147,000 of our money in \$147,000. Let them dump the garbage there also, and go there themselves.

Well, April 2 is just around the corner. Remember these things before you vote.

## Investment Of Idle County Funds Can Be Boon To Taxpayers

The start made last year in investing idle funds held by the county government—\$5000 was earned—should be expanded rapidly now that State's Attorney Mudge has ruled favorably on investing not only general operating funds but also 75% of taxes paid under protest.

Up to \$150,000 is kept annually for periods of six to eight months while drawing no interest, the new audit of county finances discloses. It is estimated that the county has been losing \$30,000 each year in potential interest earnings.

The county and individual taxing bodies share the blame for slowness in getting collected funds into the taxing bodies' treasuries. Some governmental units have waited as long as two months to cash tax distribution checks, and there have been differences of opinion on the county's authority to make investments. But such obstacles are minor; they can and should be corrected.

Taxpayers can hardly lose if the county collects interest on funds it must hold, and quickly forwards the remainder to the taxing agencies, which in turn can invest the money until it is needed. Time means money, and it can be made to work for, not against, citizens and their government.

Widespread speculation that the 1964 state Democratic ticket is in trouble will be diminished by the comment of Peace Corps Director Shriver, a Kennedy brother-in-law, who indicates he could be persuaded to seek the Illinois governorship at some future time. While the next statewide election is more than a year off, its approach will be in the minds of both Democrats and Republicans and cannot help but affect the course of the legislative session beginning Jan. 9.

## Disturbing Thoughts On Cuban Missiles As Early As February

In reviewing comments of the past year, we ran across a Press-Record editorial of Feb. 6—eight months before the Cuban missile crisis—warning that the state's lack of Russian ballistic missiles in Cuba was discussed.

While making no claim to omniscience or inside information, we are glad that we were able to call attention to the danger of crisis long before it was given general recognition. Quad-City was here first, last winter: "Preventing war while acting firmly enough to avoid losing it peacefully" is a tightrope that the nation's leaders must walk with regard to Cuba. The tightrope was encountered this fall.

## Sound Police Outlined For State Police On Use Of Their Influence

A new state police ban on accepting gifts, adhered to rigidly in this area during the pre-holiday season, contains several interesting limitations.

Included is a prohibition on showing badges or identification cards for personal advantage or to escape the consequences of illegal acts when wearing civilian clothes. This conflicts with the thinking of some law enforcement officials, who give out identification cards to officers and others; such cards presumably grant special privileges when the holder is questioned or wants a favor.

State police also have been told not to solicit money for advertisements or pledges for charitable or other purposes. It will be recalled that Madison and Venice police anticipated the state action relating to troopers by abandoning their Christmas tree distributions this year.

The producing of the William Morris makes it clear that the state considers it best for officers to avoid asking or influencing the public to do anything other than that which is directly related to enforcement of laws and preservation of public safety.

While most of the 12 provisions undoubtedly were already being followed by most state police, it is a sound policy statement and may encourage still higher standards of conduct through being issued in official form.

## A New Year's Resolution Which Would Benefit All

Early listings of potential 1963 election filings show some able candidates but also some of the same old names which have become linked with policies that obviously are inimical to community progress.

All of which prompts a New Year's resolution—and hope: emergence of capable and attractive candidates who wish to truly serve the public in governmental offices.

The new year in many ways appears bright, but few hearts will be gladdened by the dire January 1963 weather prediction contained in the Old Farmer's Almanac: "Now storms come rushing from the north and fury on the earth do pour; the sickly sun withdrawn from earth, his gladning rays affords no more."

## Bonds For Six General Steel Guards Approved

Bonds for six guards at the local General Steel Industries' Commonwealth plant were approved Monday night by Granite City council.

It was specified the guards would be good only on the plant property.

The \$1000 individual bonds were approved for Dole H. Beasly, Robert P. Richardson, Everett H. White, George J. Waterman, William H. Warfield and Leonard Peterson.

## Minor GC Fire Alarms

Two On Christmas Day  
Firemen from the Nannold road station responded to a call about 9:35 a.m. Wednesday to the home of Charles Libby, 1225 Venice avenue. The basement was filled with smoke due to a fire in a fireplace.

A call to 2200 State street at 3:05 a.m. Christmas day proved to be a false alarm. At 8:20 a.m. Christmas day, gasoline was washed from the 1700 block of State street following an auto mobile accident.

James R. Esquite, an engineer, third class, USN, son of Mr. and Mrs. W. M. Baggett of 1315 Oriole street, Venice, is serving aboard the nuclear-powered attack aircraft carrier USS Enterprise, which was among the square forces in the Caribbean recently.

3. Change the method of filing sales or use tax returns so as to reduce the workload and cost of collection of the Department of Revenue in the processing of such returns.

**Regional Offices**  
In addition to these proposed legislative programs, Revenue Director Theodore J. Laska, who has done a magnificent job in collection of taxes, will make organizational changes calling for the establishment of eight regional offices in the state.

Such offices would mean that every taxpayer would be in contact with a revenue official in his own district.

By thus delimiting operations, a permanent personnel can do a better job of servicing accounts, both for the taxpayer and the state. This change constitutes a tremendous administrative problem of serving 150,000 accounts.

All of this spells a dynamic government wherein we use every available tool to increase the state's getting every dollar owed it. The results, I am sure all citizens will agree, are more than dramatic.

**Requirement For Titles**  
1. Require payment of rates and use taxes to the Department of Revenue before a certificate of title is issued in the sale of airplanes, boats or mobile homes.

2. Require vendors to post bonds to insure that they will use sales or use tax monies in the case of any vendor going out of business.

**FROSTBITE—A WINTER HAZARD**  
An ever-present winter hazard, particularly for those who stay out in the cold for long periods is that of frostbite.

Thawing the very young and old are most vulnerable to the condition, anyone of any age can get frostbite.

How does one recognize frostbite? Check the suspected area for numbness, tingling, redness or bright pink and possibly swollen, chances are it's frostbitten.

**Recommended Procedure**  
If your family doctor is not immediately available, follow this advice: keep the frozen part in lukewarm water for 10 minutes, blot it dry gently, and then keep the area dry and warm.

Above all, remember:  
1. DO NOT expose the frostbitten area to direct heat from an open fire, radiator or heating pad or by plunging it into really hot water.

2. Do not rub or massage a frostbitten part with or without snow, for this can damage the tissues made brittle by the cold.

3. Do not rub the way of infection by breaking the skin.

4. Do not walk if your feet are frostbitten because walking can also damage the tissue and open the way to infection.

**Prevention of Frostbite**  
Feet, nose, ears and fingers are most often affected because they're the most exposed and, in the case of the feet and fingers,

the farthest from warm central blood supply.

Frostbite can be dangerous for extreme cold—especially moist cold—may constrict the surface blood vessels to the point where it cuts off the blood supply. Thus deprived of nourishment, the affected area begins to wither—and that's when gangrene sets in.

Prevention usually puts a frostbite victim to bed, slowly brings the temperature of the affected part back to normal and watches for the possible development of gangrene.

**Pain Comes Later**  
The painful part of frostbite comes with the thawing or warming of the affected area. It is then that the pain, numbness, swelling and throbs or burns. Hunger and malnutrition make one more susceptible to frostbite.

Prevention usually puts a frostbite victim to bed, slowly brings the temperature of the affected part back to normal and watches for the possible development of gangrene.

Some persons are more susceptible to cold temperatures than others, but everyone can take the necessary precautions of keeping comfortable with the elements by wearing proper clothing and eating the essential foods to maintain body stamina.

Avoid frostbite by preventing it.

## Growing Demand For College Graduates With Good Grades

Higher salaries in almost every position, a growing demand for the college graduate in 1962, and a constantly increasing search for the talented student are trends observed in a review of employment in 1962 Southern Illinois University graduates, made by the University Placement Service at Carbondale.

Dr. Roy Bryant, director of Southern's Placement Service, said 41.4% of the 1962 graduates took jobs in the area generally considered as southern Illinois.

Average salary paid the 1962 graduates with technical training who entered business or industry was \$6676—an 11% hike over the 1961 average—and the non-technically trained graduates in business or industry received an average of \$5335—a 4% increase. Beginning teaching salaries increased an average of 3% over 1961.

Increases were cited in almost every category, Bryant said. For example, for the first time in many years the Placement Service received about as many calls for secondary teachers as for elementary teachers. Calls for more than doubled at the junior college, college, and university levels.

Bryant said the demand from business and industry was greatest for engineers, accountants, public and private, chemists and marketing personnel. Job opportunities for college graduates with the federal Government also are on the increase.

The report showed 317 interviews with SIU's Placement Service to recruit teachers and 260 to recruit for positions in business, industry and government.

### III. Vocational Board To Meet Jan. 9 At SIU

Proposed changes in the make-up of the Illinois Division of Vocational Education and the Division of Vocational Rehabilitation will be discussed at a meeting of the state board of vocational education at Carbondale Jan. 9.

Guy Renzaglia, one of six members of the board, said the business agenda for the quarterly meeting will include a blueprint for "streamlining" and modifying the two agencies under the board's control.

Renzaglia, director of the Southern Illinois University Rehabilitation Institute, said the board will consider a proposal that the vocational rehabilitation division be made an independent state agency with its own executive officer.

The board will meet in the president's office. The meeting will be preceded by a tour of the Southern campus.

## Data On Social Security Tax Boost Available In Booklet

Ralph Brasher, social security district manager, announced today that his office now has on hand copies of a printed explanation of the social security tax increase scheduled for Jan. 1, 1963.

The explanation is available upon request to the East St. Louis Social Security district office, and Brasher noted that a number of employers have already ordered copies to enclose with employees' pay checks on the first day in January.

Starting with that first pay in January, he said, the workers' social security deduction will be increased by one-half of one percent on the first \$4800 of annual wages. With this increase, the amount of the social security tax will be 3% percent for an employee, with a matching amount contributed by the employer.

The Social Security Law as originally enacted in 1935 called for a beginning tax rate of one percent for employee and for employer on the first \$3000 of annual earnings, with gradual increases until the top rate of 3 percent was reached in 1949.

These tax rates, it was estimated, would be required to finance the retirement benefits of \$10 to \$85 per month, the only type of benefits provided under the original law. But the scheduled increases were not permitted to go into effect and the tax rate did not even rise to 1 1/2% until 1950.

Many improvements have been made in the original law, Brasher said. Benefits have been added for the dependents and survivors of workers and also for disabled workers and their families. Also, benefits have been increased several times to take account of rises in the cost of living. Under the present law, benefits to workers 64 or over range from \$40 to \$127 a month. A retired couple may collect as much as \$187.50 per month. Family payments range up to a maximum of \$254 per month.

Under the law as it now stands, there will be two more increases in the social security tax rate, one in 1966 and the last in 1988. Each increase will

amount to one-half of one percent, so that beginning in 1968, an employed worker will be paying 4 1/2% of his annual wage toward his social security protection.

The difference between the originally planned top tax rate of 5% and the top 4 1/2% rate that will go into effect in 1968, will go partly to pay for the additional protection and higher benefits, Brasher pointed out. It will also help make up for the money not collected because the tax increases scheduled for the 1940's were postponed.

Brasher said that employers and the general public may obtain printed copies of "An Explanation of Your Social Security Contribution" by visiting, phoning, or writing the social security district office at East St. Louis, Ill. The telephone number is UPTON 5-8700.

Employers may also wish to request copies of the new Social Security Employee Tax Table for the convenience of their payroll offices.

### \$6075 Bid Accepted For 2 Street Trucks

Award of a contract to Matthews Chevrolet Co. for two dump trucks for the Granite City street department was approved Monday night by the Granite City council members.

The firm's low bid of \$6096 was revised to \$6075 with a deduction of \$321 through elimination of a two-speed rear axle and east wheels.

Other bidders and their amounts before the revision were Farrington Motors, \$6442; Hundley Pontiac, \$6661; B. E. Hohl, Inc., \$7199; and Brewer Motor Co., \$7241.

The city is trading in three trucks which had been used by the former city sanitation department.

#### Organizations Aid Catholic Charities

Assistance in preparation of 125 Christmas food and toy baskets was furnished by several local organizations, Rev. Charles Mulrone, assistant director of Catholic Charities, said today.

Rev. Mulrone said Paul Jackson repaired and reconditioned toys for the distribution, and aid in the preparation of food baskets was supplied by Granite City Women's Association.

Daughters of Isabella, Jefferson Barracks Hospital Veterans, the Opt-Mr. Club, Epsilon Eta Chapter of Epsilon Sigma Alpha Sorority, Tri-City Council of Catholic Nurses, the Amvets Auxiliary, Delta Chi Delta H-Y, Sacred Heart Boy Scouts, St. Elizabeth Hospital kitchen personnel and the Army Depot 1st department.

**HOLIDAY FOOD BASKETS** distributed this week to 15 needy families by employees of the A. O. Smith Corp. plant were typical of the more than 800 provided by local clubs and individuals. Loading the food baskets in station wagons for distribution are Edward Clemons (left) and Robert Baker.

## City Bill List Includes \$14,575 To Build Pumper

A bill list totaling \$21,426, including a payment of \$14,575 to Towlers Fire Apparatus Co., Freeburg, for the new fire pumper, was approved during the Christmas Eve session of the Granite City council.

The partial payment to the fire truck building firm was added to the original bill list, which amounted to \$8551. Alderman Ford Johnson, chairman of the Fire and Water committee, said the bill list was changed in specifications while the truck was under construction.

The city earlier had purchased the chassis from B. E. Hohl, Inc. for \$1781. Delivery of the truck was made last week, and it is to be placed in operation this week, assigned to full-time fire station.

Other items on the bill list were payments of \$2588 to Macleir Asphalt Co., Inc., for 338 tons of cold mix for arterial streets; \$1878 to the Illinois Municipal Retirement fund for the city's 7.61% contribution of the December payroll, and \$2890 to Mathis Kudek for installation of a dropped ceiling in the city court office suite and for ceiling tile.

Maintenance costs and fuel for city equipment amounted to \$868 for a week's period, and there was a payment of \$10 to Bill's Auto Body shop for electricity used for the portable traffic signal at Namecki and Ponton roads.

Aldermanic maintenance on the lot were \$20 for Steve Bassarich and \$60 (two months) for Alderman Mrs. Gabrielle Betinec.

### Door Glass Broken By Would-Be Intruder

Shirley Copeland, 2508 Kirkpatrick Homes, told police a man appeared at her door about 2:20 a.m. Christmas day and broke a glass in the door after knocking for several minutes and getting no response.

He drove off in a green auto, she said.

### Enters Hospital

Bartels, 2210 Adams street, a storeowner employee at the A. O. Smith Corp. plant, reported for a visit could not resist dropping by the city hall for the council meeting.

He sat for a short time at the council table before the meeting started and then moved to a seat in the audience section.

He told the Press-Record he was being kept "quite busy" at his new post, but on his return for a visit could not resist dropping by the city hall for the council meeting.

#### SIU Safety Center Report

## Warning Of Post-Christmas Dangers To Youngsters

Children face an especially dangerous accident period the week immediately following Christmas, Dr. Frank Bridges of Southern Illinois University's Safety Center at Carbondale warned today.

One danger area, the child who received a new bicycle, Bridges said in one recent year some 350 children under the age of 15 were killed in motor vehicle-bicycle accidents, with the injury toll 26,000 and the percentage of fatalities increasing yearly.

Bridges said the principal reason for the high death and injury rate is the lack of skill in the use of the bicycle and failure of bike riders to observe traffic regulations.

Youngsters on skates, skis and sleds also show high injury rates due to lack of skill, he said.

Obstruction, suffocation or puncture by objects are other areas of post-Christmas danger for children, Bridges said more than 303 recorded cases of this were due to parts of toys being caught in the throat and blocking the air passage. Parents should inspect the toy chest to make certain broken toys are discarded, he said.

Two other potential killers that might have been under the Christmas tree, he said, are electric trains and chemistry sets. Parents should caution children about proper use of any electrical toy, and not to use them with wet hands or if wiring seems frayed.

"And if a youngster gets a chemistry set for Christmas," he said, "it is essential that parents know what each substance is and how it can react. Under no circumstances should be encouraged to mix substances just to see what will happen."

#### Census Bureau Survey Here Early In January

Information on expenditures for residential alterations and repairs will be collected in a survey here by the U. S. Bureau of Census during the first 10 days of January.

The survey will be conducted concurrently in 332 other sample areas of the country, according to Theodore P. Olson, regional director of the census bureau.

In addition to questions regarding alterations and repairs, inquiries will be made relative to consumption of selected foods, Olson said.

Conducting the census in the Quad Cities will be Harold Caldwell, Mrs. Lillian Bradley, Mrs. Jacqueline Fruneau and Mrs. Phyllis Hummel, census bureau employees.

#### Amvets 51 Ready To Make Shoot Awards

Awards in Amvets Post 51 trophy shoots will be available to the host home, 5100 Lakeview drive in the Ponton Beach area, on Sunday afternoon, it was announced today by Commander William B. Webb Jr.

Proceeds from the shoots, Webb said, will be used for the organization's building and recreation programs.

## No Change Expected In Gasoline Prices Here

An expected hike in gasoline prices in St. Louis will likely have little or no effect on prices in the Quad-Cities, a Granite City station operator said today.

He said most stations here have been able to maintain regular prices, while those in St. Louis have wavered below the normal cost throughout most of the year.

The price of gasoline in St. Louis is expected to go up as a result of an announcement by a major firm that its suggested retail price would be set at 30.9 cents a gallon for regular and 34.9 for premium gasoline.

This is the present price at many major brand stations in the Quad-Cities area. Prices in both Illinois and Missouri include nine cents a gallon state and federal taxes.

## Home Lighting Winners To Be Announced

Judging of the annual exterior home decorations contest sponsored jointly by the Granite City Jaycees and the Illinois Power Co., has been completed. It was announced today.

### Final results are being tabulated but will not be known until later. The judging began last Friday. The top three winners also will be notified personally by the Jaycees.

Prices total \$200. Winners will receive prizes of \$75, \$50 and \$25 and five runners-up will receive \$10 each. There are 26 entries.

Dinner was served in the home to Charles Lancaster, Miss Betty Butch, Miss Pat Stumac, John Dunc, James Butsch Jr., Mr. and Mrs. John Berosky and children, Mary Frances and John Michael, and Mr. and Mrs. James Butsch Jr., all of Granite City, and Mr. and Mrs. Ruby Stimes and daughter, Delores, and Alex Urban of Madison; and Mr. and Mrs. John Urban, Mr. and Mrs. Paul Urban and children, Kathleen and Paul Jr., Mr. and Mrs. Ted Zaski and son, Richard, Mrs. Mary Raski, Mr. and Mrs. Tony Jr., Mr. and Mrs. Stanley Serawka and twin sons, Terry and Gerry, Bill Kappel, Joe Stasiak, Ted Zaski Jr., Frank Wappel and the Gavlick family.

Gifts were exchanged by the youngsters. Games were played and Christmas carols were sung, after which dancing was held. Other friends visited at the Gavlick home later in the evening.

### HOLIDAY GATHERING AT BEDIAN HOME

A family gathering in celebration of Christmas Day took place at the home of Mr. and Mrs. Anadour Bedian, 1720 Olive street.

Dinner was served to Mr. and Mrs. Arthur Bedian and children, Lisa and Gregory, and Mr. and Mrs. John Newman and son, Kevin, of Brookside, Mo. Kevin is staying with the Bedians, his grandparents, for the Christmas vacation.

### HOLIDAY SUPPER

Mrs. Laura Chosich, 1721 Olive street, entertained her family Christmas evening with a buffet supper.

Highlight of the evening was the opening of Christmas gifts. Those present were Mr. and Mrs. John Grobowski and sons, Johnny and Joey, Mr. and Mrs. George Grimm and children, Kelly and Gerry, Mr. and Mrs. Bernier, Joseph and sons, Michael and Richard, Mrs. Jack Vartan and daughter, Diane, and Mr. and Mrs. Stanley Grobowski and children, Brian and Laura.

### FAMILY YULE GATHERING

The home of Mr. and Mrs. John Bero, 1731 Chestnut street, was the scene of a celebration in the form of a family-style dinner on Christmas Day.

The table was lovely, with a miniature Christmas tree serving as the centerpiece and candles on either side.

Guest list included Betty Bero, daughter of the hosts, the host's son and daughter-in-law, Mr. and Mrs. John W. Bero and daughter, Cynthia Ann of Alton, Other guests were Mr. and Mrs. Frank Huerta and Miss Ramona Brochamontes.

### OUT-OF-TOWN GUESTS

Mr. and Mrs. Andrew Rehelek, 1720 Chestnut street, had as guests Sunday evening Mrs. Rehelek's mother, Mrs. Simon Tomatto of Livingston, Ill., Mr. and Mrs. Martin Tomatto and daughters, Misses Joann and Julia Ann Tomatto of Wiltonville, Ill., and Charles Buckner of Gillespie, Ill.

### HOLIDAY TRIP

Mr. and Mrs. Andrew Rehelek and daughter, Andrea, 1720 Chestnut street, drove to Livingston, Ill., Christmas Day to visit Mrs. Rehelek's mother, Mrs. Simon Tomatto, and Rehelek's father, Joseph Rehelek.

Their son, Joseph, is visiting with his grandmother for the holidays.

### CHRISTMAS VISIT

Miss Maria Bosich and her brother, Joseph Bosich, 1743 Chestnut street, spent Christmas Day at the home of the hostess, Mrs. Mary Kramer, in Wood River.

### Seniors May Apply Now For SWIU Fall Term

High school seniors who plan to enter area campuses of Northwestern Illinois University in the fall of 1963 should make application now. John H. Schnabel, registrar and director of admissions, said today.

Seniors should write to the Admissions Office, Northwestern Illinois University, Edwardsville, requesting application forms for admission.

Schnabel said all enrolling freshmen must take the American College Test which is given at most senior high schools during the year. Students at schools which do not give the ACT test usually have opportunity to take it elsewhere.

Illinois students ranking in the upper two-thirds of their class can be granted tentative admittance at the end of their seventh high school semester subject to successful completion of their high school work.

In-state students in the lower one-third of their class will be considered for fall quarter enrollment only if they score high on the ACT examination. Otherwise they must seek enrollment in the summer quarter or wait until the following winter quarter.

Out-of-state high school seniors must rank in the upper one-third of their class for admission to the fall quarter.

Students planning to attend the Carbonado campus should write to the Admissions Office at Carbonado.

### CHRISTMAS OBSERVANCE BY GORRELL FAMILY

Christmas was celebrated at the home of Mr. and Mrs. Howard Gorrell, 2834 Palmer avenue, Monday night and Tuesday.

Dinner was enjoyed and gifts were exchanged by Mr. and Mrs. John Gorrell, Mr. and Mrs. Elton Gorrell, Mr. and Mrs. Gene Buzan and children, Rex, a son of Terry, Mr. and Mrs. Max Gorrell and children, Wayne, Susan and Karen, Mr. and Mrs. Russell Gorrell and daughter, Donna, and Mr. and Mrs. Gerald Gorrell and son, Gary.

These are all the Gorrell children except for a daughter, Mrs. Ernest Sparks of Charleston, Ill., who visited over the weekend with her husband, son, Gary and Miss Carolyn Robertson. Mrs. Russell Gorrell's grandfather also was a guest Tuesday.

### CHRISTMAS PAGEANT

The annual Christmas pageant was presented Sunday evening at Good Shepherd Episcopal Church, 3009 Sunbury avenue, with children of all ages pantomiming while the choir and Rev. B. L. Bryan told the Christmas story. Decorations in the church included a large decorated tree, poinsettias and holly. The program was presented by Candis light.

### FAMILY YULE DINNER

Christmas was celebrated Monday evening in the home of Mr. and Mrs. Elmer Stille, 2922 Pershing avenue, with a family dinner.

A visit from Santa was enjoyed and each child was presented with a gift.

ALL OUR STORES WILL CLOSE AT 6 P.M. MONDAY, NEW YEAR'S EVE

"Only Way To Learn About Cheese, Is To EAT IT!"

This advice from Ernest Oldenow, English gourmet and authority on cheese, is subscribed to heartily by everyone who enjoys good food. Tasting and re-tasting cheese is certainly an agreeable way to acquiring an education as to its virtues.

My box is of English stock and admits he is slightly bullheaded at times. He insists that we eat, for a year or more, our famous Tri-City Cheddar Cheese, and says that real cheese lovers truly appreciate the extra sharpness and fine flavor that a twelve month, or more, period brings out. For your Holiday entertaining, we have in our stores now, some extra fine pieces. Serve cheddar at room temperature, to enjoy its fullest flavor.

**Mrs. Lilly Skomil, 67,  
Dies; 40-Year Resident**  
Mrs. Lilly Skomil, 67, of 2546 Grand avenue, died at 9 a.m. today at St. Elizabeth Hospital.

**Granite City Press-Record**  
Page 18 Thurs., Dec. 27, 1962  
She had been ill three weeks and hospitalized during that time.  
Born in Austria-Hungary, Mrs. Skomil had been a Granite

City resident 40 years. She was a member of the Sacred Heart Catholic Church and belonged to the church altar society.  
Survivors include her husband, Michael; a son, Frank Skomil of Granite City; a brother, William

Szediar, Granite City; and a sister, Mrs. Anna Vitkovitz of Bloomfield, N. J.  
A son, William, preceded Mrs. Skomil in death in 1931.  
Funeral arrangements appear in the obituary column.

**New Madison Police  
Cars Being Delivered**

Two new Madison police cars have arrived at the Killede Motor Co., where sirens, lights, ra-

dios and other equipment are being transferred today.  
The two 1963 Plymouth sedans will replace a 1961 Ford and 1962 Chevrolet. Both new patrol vehicles are expected to be in service by this evening.

Make big pancakes and spread them with current jelly; roll up and sprinkle with confectioners' sugar. Delicious for brunch!  
Americans ate only six pounds of fish per person last year.

**County Board To  
Act On '63 Budget  
Friday Morning**

Consideration of a proposed \$2,020,033 budget for 1963 tops the agenda of a meeting of the Madison county board of supervisors tomorrow morning at Edwardsville.

The proposed budget and related appropriations and tax levy ordinances will be presented to the board by the finance committee. The budget was made public Dec. 14.

Other items on the agenda include a resolution raising the monthly patient cost at the county nursing home. Present cost is \$135, and the rate is expected to be upped to \$155.

On Measure Tax Rates  
The agenda, prepared by Miss Eulalia Hotz, county clerk, also includes resolutions establishing special tax rates of .003 and .005 cents per \$100 valuation for maintaining the county historical museum and establishing a Civilian Defense fund, respectively.

Other items are a request for bids on a new sheriff's office auto, a request for bids on a remodeling project at the county jail, monthly justice of the peace reports, the coroner's semi-annual report and requests and reports from the county highway department.

Leslie Prehn, chairman of the finance committee, told newsmen the proposed budget will leave the county \$75,000 to \$85,000 in the red at the end of the year. He said the budget is not adequate but is the best possible under existing tax limitations.

The budget includes \$20 monthly pay boosts for county employees.

**Investment Doubtful**  
It is unlikely the supervisors will act tomorrow on an opinion handed down last week by State's Atty. Dick H. Mudge Jr. that the county may invade idle county operating funds and taxes paid under protest. At present the two amounts total about a million dollars.

The written opinion by Mudge was requested by County Auditor John Kraynak, who made a similar attempt in 1958 and has continuously advocated investments to add interest income for the county.

Treasurer George Musso has said he would have to confer with his bonding firm to determine his responsibilities and if there are restrictions. Former Treasurer Dan McGee invested about \$250,000 of the county's detention home, county revenue, fees and salary and county officers funds in 90-day time certificates which netted the county about \$177 interest.

The board may debate the investment of the escrow funds.

**Suggests Dropping 3 Offices**  
As an economy move, Mudge also has suggested the county eliminate the offices of county coroner and county superintendent of schools. He earlier had advocated the abolishment of the office of tax collector in townships.

Mudge pointed out counties which eliminated township tax collectors are in good condition financially. It would mean a loss of income to tax-extensive townships. Granite City gets as a 2% collection fee commission about \$110,000 or more a year.

Mudge said he did not believe other townships would be hurt financially.

He added that the coroner's office has proven useless in homicide cases in the county. Investigations are made by police officers or the sheriff's office, and the cases are presented to the grand jury for investigation and possible indictments, he explained.

In most death cases, Mudge continued a physician can sign a death certificate, and a coroner's inquest is superfluous.

**County Superintendent**  
He added that the county superintendent of schools office is unnecessary since many of the county's school districts have been consolidated. The disbursement of state funds, he said, is a mechanical calculation, and certification of teachers could be handled by school districts.

While the county superintendent's salary is paid by the state, \$13,120 is in the county budget for office expenses and travel.

Yesterday, County Coroner Dr. W. W. Billings of Alton said he disagreed strongly with Mudge's view. Billings said the purpose of the office is to determine the cause of a death, which no other county officer can do.

Elimination of the offices would depend on enactment of state legislation or changes in the state constitution.

**Budget Breakdown**  
A breakdown of the budget to be submitted to the board tomorrow follows:

General Purpose funds—judiciary, \$250,500; county penal expense, \$109,918; Madison county nursing home, \$123,625; welfare work other than nursing home, \$249,236; administrative expense, court house, \$74,285; administrative expense other than court house, \$319,797; education, \$13,120; miscellaneous, \$171,861; and contingencies, \$65,500.

Special Purpose funds—county sanatorium, \$470,950; county highway fund, \$388,000; county bridge fund, \$413,000; county retirement fund, \$240,000; veterans assistance, \$9250; county Civilian Defense, \$20,000; and Madison County Museum, \$9000.

Many foreigners seem to think our foreign policy is an endowment policy.

Mr. and Mrs. John Coss, 2288 Gary avenue, returned last night by jet plane from Santa Fe, N. M., where they spent Christmas with their son and daughter-in-law, Mr. and Mrs. Ronald Coss, and their family.

## Emergency Treatment For Three Children

Three children were among those treated at the St. Elizabeth Hospital emergency room yesterday, according to attendants. All were released after treatment.

Alice Warden, 19 months of age, was treated after drinking an unknown amount of liquid cleaner. Her home address is 2430 Lincoln avenue.

Debra Fuchs, nine, of 2124 Lindell blvd., was treated for a wound to the right temple. Her mother said she was hurt when she fell while running with a toy gun.

Treated for second degree burns to the left ear was Charles Johannmeier, 4 Country lane. A hospital attendant attendant said the two-year-old was burned by an electric light bulb.

## Theodore Gitcho Dies; Resident of Madison

Theodore J. Gitcho, 66, of 703 Washington avenue, Madison, was dead on arrival at St. Elizabeth Hospital at 2:30 a.m. today after he was suddenly stricken, at home.

The family said Mr. Gitcho had been in poor health for a number of years, but his death was unexpected. Death was attributed to a heart attack.

Mr. Gitcho retired 10 years ago as a meatcutter at a Granite City market. He was born in Macedonia, and had been a resident of Madison for 55 years.

A member of the Jehovah's Witnesses religious faith, Mr. Gitcho was a veteran of the first world war. He belonged to Venice-Madison Post 307 of the American Legion and the Last Man's Club.

Survivors include his wife, Edith; a son, Ted Gitcho of Dal-

MR. AND MRS. RICHARD HILL. Their wedding was an event of Saturday evening, taking place at Niederrhans Memorial Methodist Church. The bride is the former Jo Ann Evans, a daughter of Mrs. Mary S. Evans, 1708 Spring avenue, and George Evans of Hobart, Ind.

MISS MARY ELIZABETH FROHARDT, daughter of Mr. and Mrs. Ralph E. Frohardt, 2445 State street, whose engagement to Dr. Rahmat O. Simani of St. Louis is announced.

## Miss Frohardt, Dr. Simani Set Wedding Date

Mr. and Mrs. Ralph E. Frohardt, 2445 State street, are announcing the engagement of their only daughter, Miss Mary Elizabeth Frohardt, to Dr. Rahmat O. Simani of St. Louis, a son of Mrs. Sallatani Simani, and the late Mr. Simani. Mr. Frohardt is principal of Coolidge junior high school.

The bride-elect is a senior student in the Jewish Hospital School of Nursing in St. Louis. Her fiancé is a third year surgical resident at Jewish Hospital.

The wedding of the couple will take place in August.

## Peace Lutheran Women To Install Officers Jan. 20

The December meeting of Peace Lutheran Women was held last night in the chapel, 5201 Erin drive, with eight members attending.

Mrs. Barbara Froemming conducted the business discussion and Jan. 20 was the date set for the installation of new officers. The same evening the ladies will serve as hostesses at a congregational meeting at the church.

Mrs. Rose Mehling, assisted by Mrs. Hedi Seim, Mrs. Maria Knapczyk and Mrs. Froemming, gave the program and at its close refreshments were served by Mrs. Froemming and there was an exchange of gifts among the group.

Hostesses at the next meeting are to be Mrs. Margaret Harris and Mrs. Carol Gendron.

Worry is like running away from something that isn't after you.

## Sorority Holds Holiday Party At Harper Home

A holiday party for members of Theta Iota Chapter of Beta Sigma Psi sorority was held last night in the home of the sponsor, Mrs. Lucille Harper, 2004 Garfield avenue.

A spaghetti supper was served by the social committee and an exchange of gifts followed. The secret pals were revealed and the evening was spent at games with a number of prizes awarded.

The hostess gift went to Mrs. Pat Tsigiaroff, and the "traveling basket" to Mrs. Norma Rains. Miss Ruth Stoyanoff received the evening prize.

Fifteen were present, including two special guests, Mrs. Alice Kontecny, a former member who has transferred to a Collinsville chapter, and Mrs. Joyce Todd, who is on the inactive roll temporarily.

A short business session was held in connection with the party and final plans were made for a hat party Feb. 24.

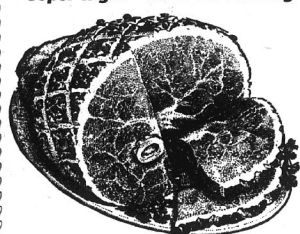

## CHRISTENING PARTY AT DYER HOME

Mr. and Mrs. Jack Dyer, 56 Villa drive, entertained with a dinner party in their home this week in honor of the christening of St. John United Church of Belleville, Mrs. Mary Veith, Mr. and Mrs. Glen Abernethy, Mr. and Mrs. William Dyer and daughter Lynn, Ronald Abernethy, Miss Norma Lindner, Marshall Dyer and Miss Lana Lambert.

Those present were the sponsors, Mr. and Mrs. M. A. Hadzler, the great-grandparents, Mr. and Mrs. John Abernethy of Belleville, Mrs. Mary Veith, Mr. and Mrs. Glen Abernethy, Mr. and Mrs. William Dyer and daughter Lynn, Ronald Abernethy, Miss Norma Lindner, Marshall Dyer and Miss Lana Lambert.

#### Dr. Kaiser To Attend Conference On Gifted

Dr. Harold M. Kaiser, superintendent of the Granite City school district, has accepted an invitation to lunch with other school leaders and Gov. Otto Kerner Friday, Jan. 4, in Springfield.

Subject of the gathering will be education of gifted children. Dr. Kaiser is a member of the Advisory Committee of the Special Study Project for Gifted Children, a state undertaking.

In his invitation to the local superintendent, Gov. Kerner noted that "since 1959, the General Assembly has authorized and supported a study project relating to the education of gifted children which has been conducted in Illinois school districts and universities."

"The final report and legislative recommendations resulting from these studies will be ready for distribution on Jan. 4. It seems to be appropriate to mark this occasion and to give you an opportunity to discuss the recommendations and the next steps to be taken to implement them."

"For this purpose, I am inviting state officials who have a particular interest in this program, members of the Illinois School Problems Commission and members of the Advisory Committee."

#### All But One Incumbent

### 18 Prospective GC Candidates Circulating City Office Petitions; Five For Twp. Posts

At least 18 petitions are in circulation for aldermanic posts in Granite City and one for the office of superintendent of streets in Granite City, the compilation kept by City Clerk A. L. Stevens showed this morning.

All of the aldermen whose terms expire next April have petitions with the exception of Charles Meyer of the Seventh Ward, who has declined comment on his intentions. Incumbent Supt. of Streets William "Bill" Warfield is the only person with petitions for that office.

In addition, petitions are in the hands of at least five persons for the three assistant supervisor posts to be filled in the April election in Granite City.

**Filing Begins Jan. 7**  
The filing period for city and township office candidates opens on Jan. 7.

In the First Ward where a four-year post and a two-year post are to be filled, three have petitions—incumbent Estelle Von Schmittou, 2127 Fourteenth street; Frank "Fritz" Barnica,

2109 East 39th street, and John B. Moss, 2012 Omaha street. Second Ward residents with petitions are incumbent Samuel D. Whitmer, 2321 State street, and Elmer J. Miller, 2200 Lincoln avenue. Miller also obtained petitions for a township assistant supervisor post.

**Two Posts In 3rd Ward**

In the Third Ward where also four-year and two-year aldermanic posts are to be elected, petitions are in the hands of incumbent Rufus LeMaster, 2138 Benton street; J. D. "Stukey" Bergfield, 2201 Cleveland blvd., and Roy "Chicken" Poulos, 2133 Benton street.

Incumbent Donald Partway, 2215 Devey avenue, has petitions of candidacy for the Fourth Ward, and petitions also were obtained by Litten Joyce, 2007 Bryan avenue.

Fifth Ward Alderman Walter Norn, 2711 Cayuga street, has petitions for re-election, and Stevens reported petitions also were picked up by an individual who declined to give an identity.

Three petitions are out for the Sixth Ward. They were obtained

by incumbent Samuel W. Shackelford, 2314 Palmer avenue; an unidentified individual and by Elwyn A. Meyer, 3221 Davis avenue, brother of Seventh Ward Alderman Charles Meyer.

In the Seventh Ward, R. E. Robertson, 2607 Benton street, a former mayor, is the only one with petitions at present.

A race is shaping up in the Eighth Ward where petitions are being circulated by incumbent Frank Vesel, 2330 Woodlawn avenue, and a former alderman, Emerald E. Dawes, 17 Terrace lane.

In the township, two of the incumbents have obtained petitions for re-election as assistant supervisors. They are Robert O. Gaughan, 2108 Edwards street, and William B. Webb Jr., 2804 Idaho avenue. The third officer whose term expires in April is John Graham.

Others with petitions are John Winkmeier, 2114 Washington avenue, and Elmer J. Miller, 2200 Lincoln avenue. Clerk Stevens said an unidentified individual also picked up petitions.

#### Supply Firm

### Looted Of Tools Valued At \$122

Tools valued at \$122 were stolen in a Christmas burglary at the B & E Planing Mill and Supply Co., 1228 State street. The burglary was discovered at 8:15 p.m. Tuesday by the proprietor, Curtis Blevins. The firm had been closed since 1:30 p.m. Monday.

An investigation by Madison police showed that entrance to a workshop at the rear of the building was gained by cutting circular holes in two glass panes. The intruder then crawled into the store section by breaking a 12x24-inch window and tearing out a hvy screen.

A metal filing cabinet was found to have been forced open. Articles taken were \$25 and \$12 quarter-inch drills, 12 pocket knives totaling \$38, a \$13 electric soldering gun, three hammers totaling \$13, two hunting knives, two vise-grips, wrenches, two screwdrivers, a ruckpointing tool and a knife sharpener.

**Juke Box Records Stolen**

A juke box in Gates tavern, 1909 State street, was stripped of its records Christmas Eve by a burglar who also looted bowling and cigarette machines as well as taking \$10 from the cash register and \$20 in quarters from a drawer.

Police said entrance was gained by pulling boards from a rear door and removing of a section of wall paneling to get into the barroom.

**Theft From Garage**

Dan Clow, 3005 Denver street, told police Monday night his garage had been entered and 10 to 15 gallons of gasoline stolen from his auto. Also missing was a 12-volt battery and a set of 12-foot battery booster cables, Clow said.

#### GC Police Searching For 'Wild Driver'

Granite City police this afternoon were searching the West Granite area for a "wild driver" who reportedly was driving his auto at children and forcing them off the pavement along Rock road and other streets.

The search was still underway at press time. Police said they received several complaints.

Man Knocked Down By Auto Struck by an auto while he was walking eastward across Klein street at Broadway, Venice, at 7:30 p.m. Monday, James

DeBoise, 64, of Apartment 74, Venice Homes, was treated at St. Elizabeth Hospital for leg injuries.

A bottle in his hip pocket was broken when he was hit and knocked down by a car driven by Mrs. Nadine R. Meehan, 1228 Klein street, Venice.

The auto had been traveling west on Broadway and made a right turn onto Klein street after halting at the stop sign. The mishap occurred in the middle of the street about 25 feet north of the Broadway intersection.

Driver Hurt, Faces Charges Charges of reckless driving and driving in the wrong lane were placed against Lester R. Cohen, 24, of 1415 Fifth street.

Madison, who was hospitalized, following a crash Christmas night in the 1703 block of State street.

Police said Cohen was driving north when his auto struck a parked car head-on. Cohen was taken by ambulance to St. Elizabeth Hospital to be treated for cuts to his face and chest and abdomen injuries.

The report shows the parked car was in front of the home of the owner, Ralph G. Welch, 1705 State street.

Firemen were summoned to wash away gasoline which was spilled on the street.

he was causing a disturbance. Some of his injuries were inflicted during an ensuing scuffle.

Paul Bargiel, 19, of 1817 Third street, Madison, attempted to garage. The extensive damage included the front of Savage's auto and the front and both sides of the other vehicle.

drive Carney to the hospital, but the injured youth said he did not want first-aid and jumped out of Bargiel's 1962 white compact car three times during the ride to the hospital, deputies were told. Bargiel, alone with Carney, was able to return him to the car each time. Additional injuries apparently were suffered in the escapes from the car.

enue. He remarked that the decorations are improving each year.

Discuss Yule Lighting Mayor Maeras said, however, that he regretted the fact that it would take four miles of wiring to light the decorations along the city's "white way," and that the cost would be prohibitive.

He said it may be possible in the future for businessmen to hook up individual decorations and light them that way.

The mayor said municipal proposals for the coming year will be discussed at the council meeting of Jan. 8.
